

WINTER STORM UPDATE

Due to the extreme amount of snowfall, no parking on emergency streets is still in effect. If your vehicle is parked on an emergency street, it will be ticketed and towed. Parking on these streets will be permitted once the Department of Public Works has completed snow removal. For a list of the emergency streets, please visit <https://www.bellevillenj.org/Content/pdf/Snow-Street-List.pdf>

As a reminder, throwing snow or ice into the street is prohibited, along with preserving parking spots.

Lastly, all household garbage and recycling will continue to be suspended for the rest of the week and will resume February 8, 2021.
