

## **H1N1 Vaccination Clinics Open to the General Public**

The Belleville Health Department will continue to work with the Montclair and Nutley Health Departments to schedule several H1N1 vaccination clinics that will be held weekly for the next several weeks. These clinics are opened to the general public. Clinics will be provided at all three Health Department locations.

You are free to attend any clinic that works best for you. There are no residency restrictions.

***\*Parents of children under 10, please remember to schedule an appointment for the 2<sup>nd</sup> dose 28 days after the 1<sup>st</sup> dose.***

## H1N1 Vaccination Clinic Open to the General Public

The Belleville Health Department will continue to work with the Montclair and Nutley Health Departments to schedule several H1N1 vaccination clinics that will be held weekly for the next several weeks.
