

Belleville Police Department

Community Relations Unit

Chief of Police Mark Minichini

E-Bike & E-Scooter Safety

The Township of Belleville has seen an increase in the use of electric bikes and electric scooters as of late. The Belleville Police Department would like to remind the residents of Belleville who are owners and riders of such devices, that although these devices are a great way to get around, save money and protect the environment, they still require safety practices and equipment to ensure your fun rides can continue and remain safe.

Many electric bicycle safety tips are similar for standard cycling, but there are also some e-bike and e-scooter specific tips that you should pay attention to each time you hit the road. The Belleville Police Department has teamed up with EZ-Ride who has put together safety presentations for our residents. Please click on the links below for e-bike and e-scooter safety presentations and information on NJ laws pertaining to e-bikes and scooters in addition to a helmet fitting video. Thank you and stay safe!!!
